With Kevin Woods

Saturday 2nd June 2007

Kevin is an experienced trainer in the showjumping field. He has proved popular at previous riding club clinics. He often uses exercises such as grid work to encourage horse and rider rhythm, balance and confidence over jumps.

They will be 1 hour long, with 4 riders per session, (or 45 mins with 3 riders). We try and match people in the best-suited groups, please give useful information below.
